

MAKING THE TRANSIT EXPERIENCE SAFE AND COMFORTABLE

ALPHA TM

CRIME PREVENTION

ASCO endorses CPTED (Crime Prevention Through Environmental Design) principles, including:

- Graffiti Resistant surface coatings
- Vandal Resistant fixing methods
- Visibility Enhancements including lighting and transparent wall treatments
- Robust Design that reduces damage opportunities

LOW MAINTENANCE ALTERNATIVE

ASCO carefully works with local government organisations to satisfy the requirements of the Disability Discrimination Act 1992.

We guarantee DSAPT compliance for all aspects of bus stop infrastructure, including:

- Ramps, Kerbs, and Level Boarding Surface
- ALPHA TM Bus Shelters
- Tactile Ground Surface Indicators
- Signage

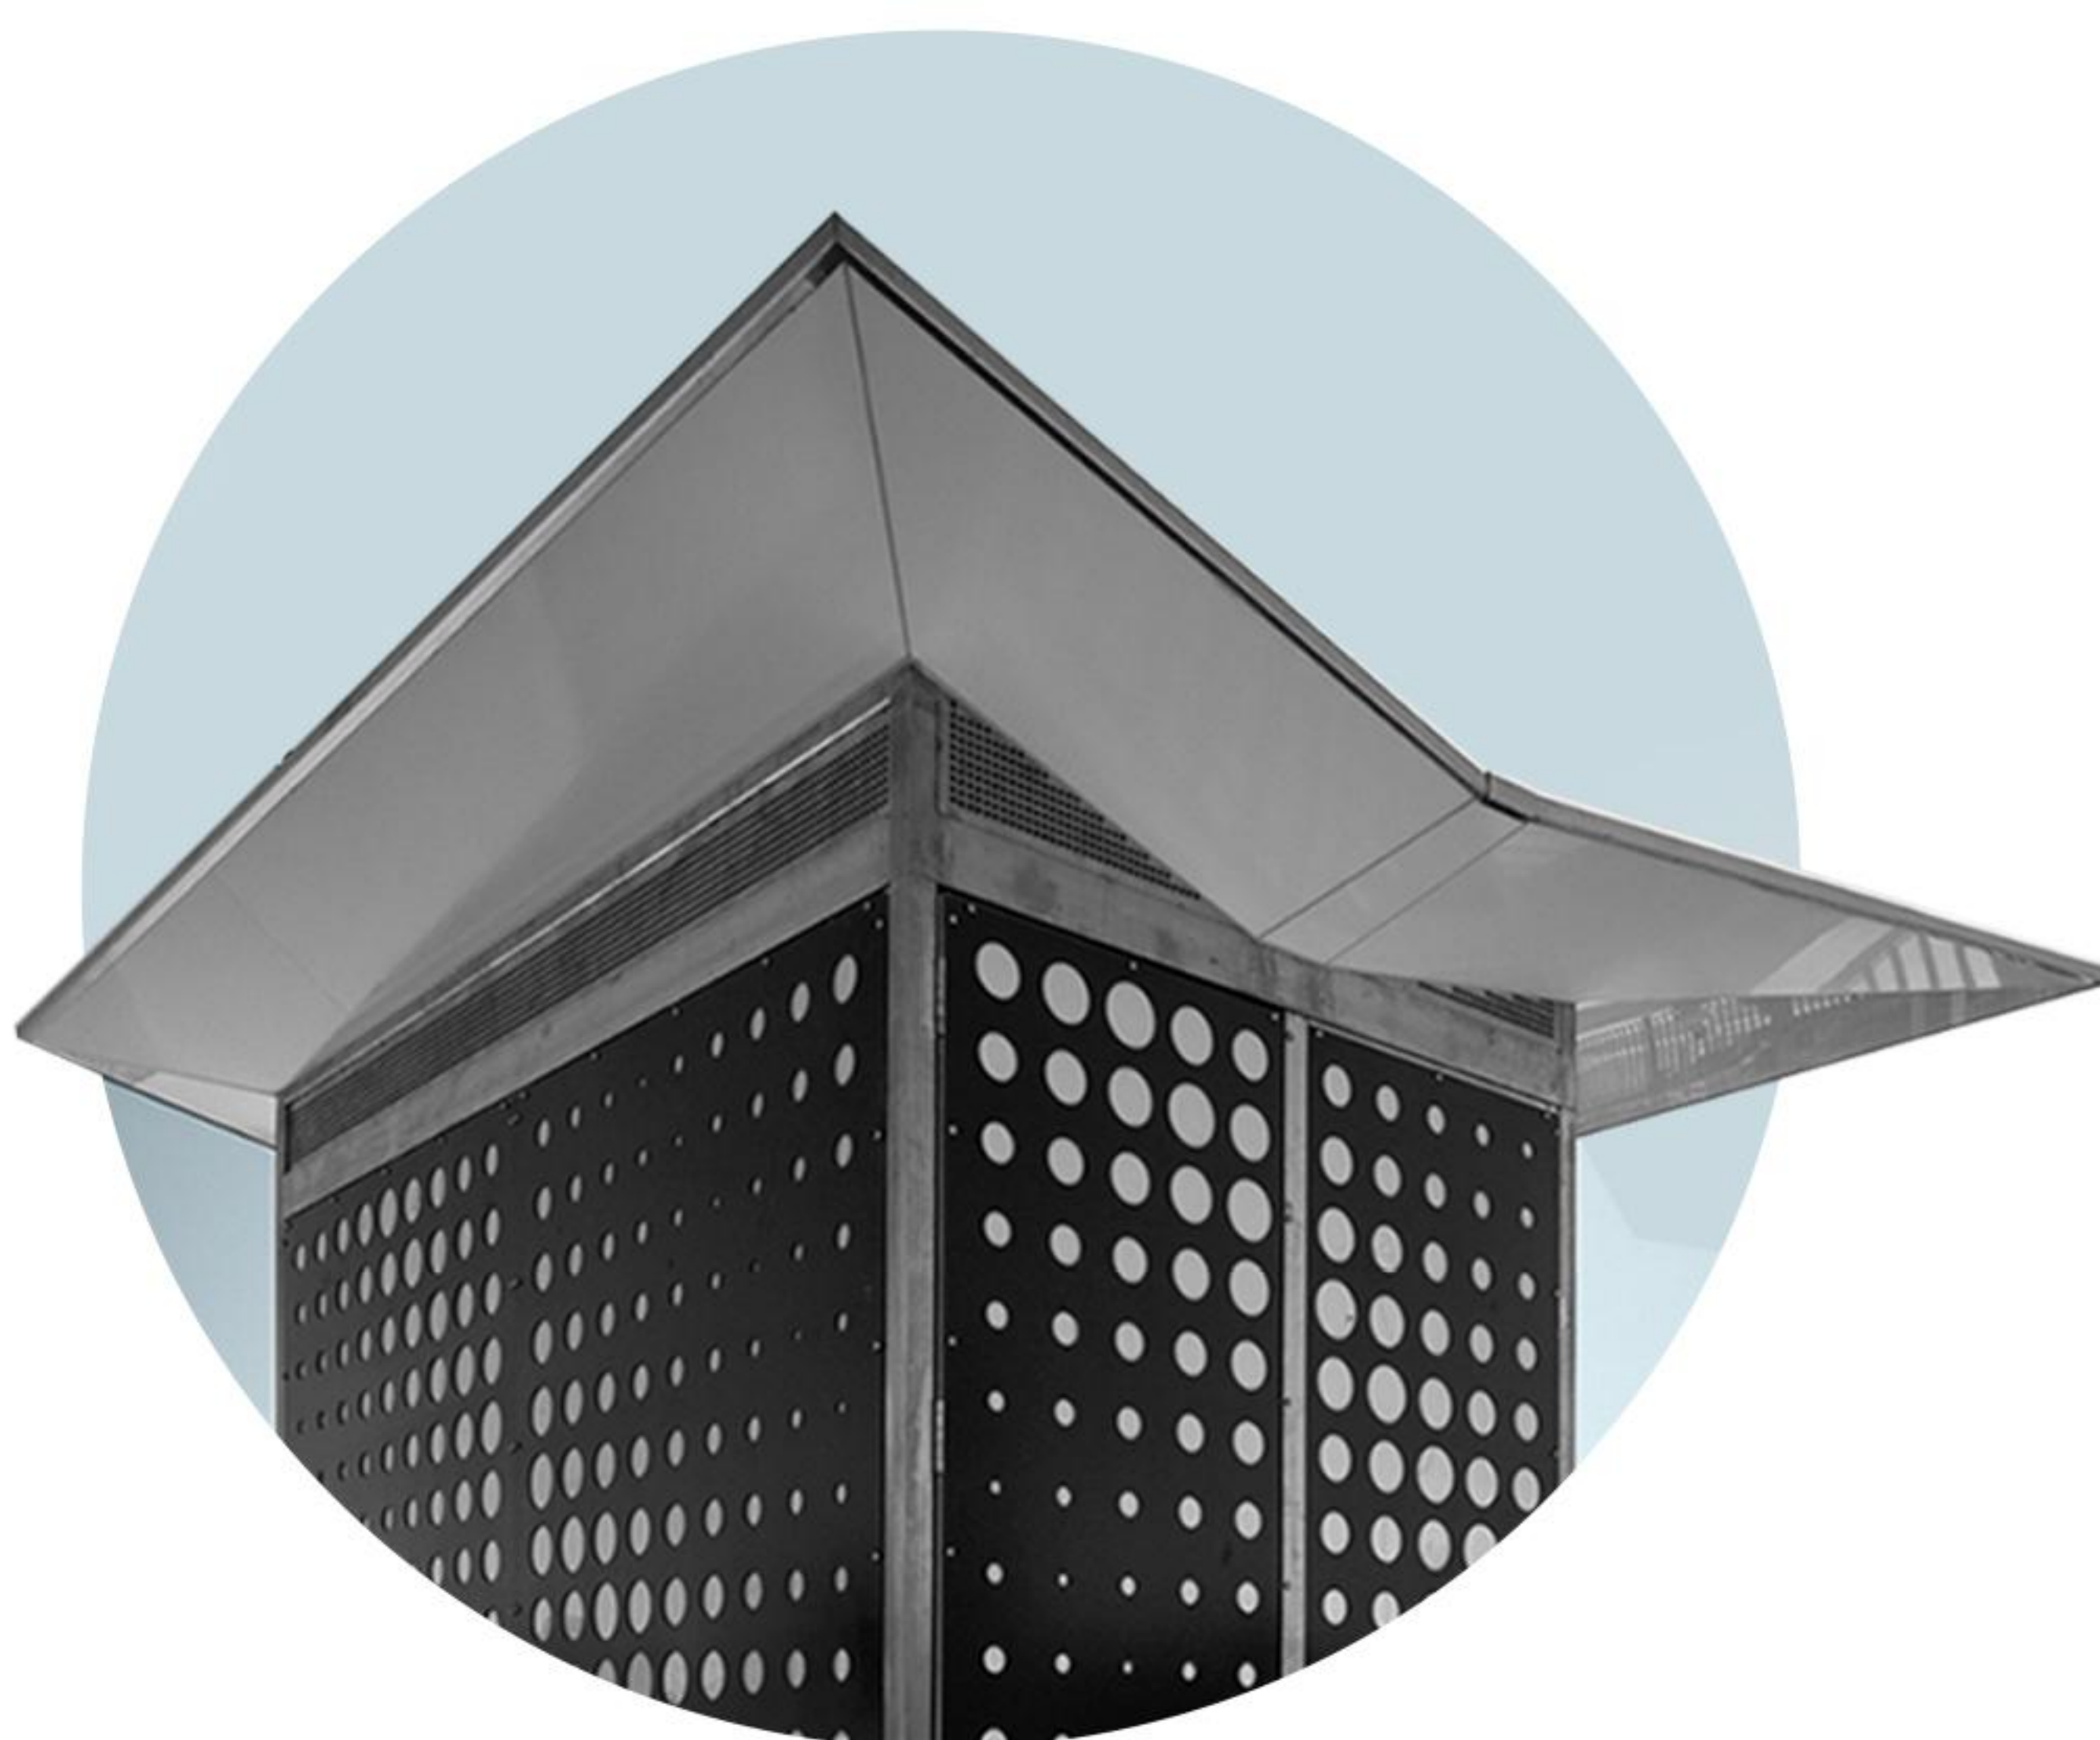

ASCO IS A PREQUALIFIED SUPPLIER TO BOTH:

- Municipal Association of Victoria (MAV) Contract PP4924-2016
- Local Government Procurement (LGP) Contract LGP308-3

**THROUGH A COMPLETE CONSULTANCY, DESIGN AND DELIVERY PROCESS,
ASCO CAN ASSIST PUBLIC TRANSPORT OPERATORS AND PROVIDERS MEET THEIR
OBLIGATIONS UNDER DSAPT 2002.**

**WE DESIGNED, DEVELOPED AND CREATED THE ALPHA™
SERIES OF BUS SHELTERS TO BE AN ENJOYABLE, HEALTHY, INTERACTIVE AND
SAFE PLACE FOR THE TRANSIT USER TO BOARD PUBLIC TRANSPORT.**

Our research and development investment in the ALPHA™ series of Bus Shelters is a testimony of our commitment to deliver **better value for the Operators and Providers of Public Transport.** Our designs can be **customised** to integrate directly with existing infrastructure and through detailed evaluation we can offer alternative construction materials, such as Aluminium which not only has a **high recycled** content but outperforms steel in finish **quality and longevity.**
