

**PROVIDING SAFE, COMFORTABLE
AND HEALTHY REFUGE FOR RELIEF.**

STELLAR™

CRIME PREVENTION

ASCO endorses CPTED (Crime Prevention Through Environmental Design) principles, including:

- Graffiti Resistant surface coatings
- Vandal Resistant fixing methods
- Visibility Enhancements including lighting and transparent wall treatments
- Robust Design that reduces damage opportunities

ACCESS FOR ALL ABILITIES

ASCO takes great care to ensure all STELLAR buildings are designed in accordance with AS1428.1-2009 design for access and mobility standards and where applicable, changing place standards.

ASCO IS A PREQUALIFIED SUPPLIER TO BOTH:

- Municipal Association of Victoria (MAV) Contract PP4924-2016
- Local Government Procurement (LGP) Contract LGP308-3

**THROUGH A COMPLETE CONSULTANCY, DESIGN AND DELIVERY PROCESS,
ASCO CAN ASSIST OUR CUSTOMERS MEET THEIR OBLIGATIONS TO COMPLY WITH
STANDARDS FOR ACCESS AND MOBILITY.**

ASCO'S DESIGN PHILOSOPHY IS SIMPLE; WE ARE COMMITTED TO ENSURE THAT EVERYONE WHO INTERACTS WITH OUR URBAN EQUIPMENT ENJOYS A PLEASANT, SAFE AND HEALTHY EXPERIENCE.

In our quest to improve the experience of both our customers and users, ASCO's development team have incorporated many small **innovations** that set STELLAR™ buildings apart. Included in this is a high level of vandal resistance, low maintenance costs and ease of servicing and cleaning. We have developed a **rapid installation** process which drastically reduces disruption to public open spaces for the construction duration. ASCO offer various levels of fit and finish and the ability to customise **giving our clients the opportunity to create a unique building to suit their specific needs.**
